

Yarra Valley Dressage Club Presents Two Winter Dressage Clinics with the very popular

Antony Bartlett

Antony runs Victorian Dressage Stables with his partner Matt Archibald on their property in Bayles. His career has seen many horses and riders reach their best and excel in competition from preliminary level to FEI. He has produced many young horses with top ten finishes at

DWTS and continues to produce them through to FEI. Antony currently rides and competes at FEI level and enjoys the challenge of producing and training horses from the ground to Grand Prix. Many of his best horses have been difficult as youngsters but have come to flourish under his sympathetic approach.

Over the past five years his greatest influence has been international trainer and Grand Prix rider, Leonie Bramall, who has enabled Ant to develop further depth to his training and coaching. Antony enjoys helping riders of all levels achieve their goals and ambitions. He has a kind and patient, systematic approach to training both his students and horses.
